Background

11. The Central Coast covers an area of 1,680sq. kilometres with an expanding population of over 340,000 people. The area is characterised by an abundance of open space opportunities including: mountains, bushlands, beaches, wetlands, foreshores, estuaries, informal passive and active recreation areas. Open Space and National Parks together account for more than 50% of the Central Coast Local Government Area. As these open space areas become more popular for permanent residents and tourists, a demand has arisen for the use of Council owned and managed open space areas to conduct events and activities that will allow users to experience a variety of active lifestyle opportunities.
